

# Desperate HOUSEHOLDS

*navigating the chaos*

## New Series Starts TODAY

The family is the most significant foundation in our society and the truth is that households today more than ever, are under attack. Oklahoma has the 4th highest divorce rate in the nation. The enemy knows that if the family goes, so does our future. So how do we respond? What can we do to protect, safeguard and position our families to thrive, not just survive? In this series, we'll answer some powerful questions that help us discover the rich principles God wants us to apply in our homes. And whether you're single, divorced, married or widowed, this series can help you navigate through the chaos towards God's best in your relationships.

If you have questions about marriage, family or relationships in general, email Pastor Chris, he and his team will be answering your questions throughout this series, [chenk aline@dbfchurch.com](mailto:chenk aline@dbfchurch.com)
